BACCALAUREUS TECHNOLOGIAE: NURSING: ONCOLOGY
Qualification code: BTNO02 - NQF Level 7

Campus where offered: Pretoria Campus

Important notification to new applicants:
Students who intend to enrol for this qualification should take note that no new applications will be accepted as from 2020. Potential students are advised to consult the University’s website for possible new qualifications which are aligned with the newly-implemented Higher Education Qualification Sub-Framework.

REMARKS

a. Admission requirement(s):
A basic NQF Level 6 bachelor’s degree or diploma in Nursing from a South African university or nursing college. Registration with the South African Nursing Council as a Professional Nurse. Employment in a clinical environment and at least one year of clinical experience after completion of the basic qualification.

Holders of any other equivalent South African or international qualifications may also be considered, but will have to apply about six months in advance for recognition of such qualifications. Candidates will be required to submit an evaluation of their qualifications by the South African Qualifications Authority (SAQA) with their application forms for admission. The Faculty reserves the right to assess these qualifications and the applicant's suitability/competence for admission to the programme. Proof of English proficiency may be required. Depending on the nature of such an equivalent qualification, the completion of certain additional subjects may be required.

b. Selection criteria:
Selection is based on an assessment by a departmental selection panel.

c. Minimum duration:
One year.

d. Presentation:
Block-mode classes offered over a period of two years.

e. Intake for the qualification:
January only.

f. Exclusion and readmission:
See Chapter 2 of Students' Rules and Regulations.

g. Recognition of Prior Learning (RPL), equivalence and status:
See Chapter 30 of Students' Rules and Regulations.

h. Work-Integrated Learning:
Will be dealt with throughout the programme on an integrated and applied basis.

i. Exit-level outcomes:
• Applies scientific nursing skills and technologies in the delivery of comprehensive oncology nursing to the cancer patient, the family and the community.
• Practises professional nursing within the ethical legal framework of the health and nursing profession.
• Applies managerial strategies and technologies in an oncology health care environment.
• Applies the principle of research to oncology nursing.
Subject credits: Subject credits are shown in brackets after each subject.
