VACANCY BULLETIN

PART TIME LECTURER X 1
DEPARTMENT OF TECHNOLOGY AND VOCATIONAL EDUCATION
FACULTY OF HUMANITIES
SOSHANGUVE NORTH CAMPUS
Ref:26/G147

The Department of Technology and Vocational Education in the Faculty of Humanities invites applications for the position of Part-Time Lecturers for 2027 at the Soshanguve North campus for the following subjects:

- Information Technology **(FIT106P**).
- ICT Literacy **(ITE105V)**.

INSTRUCTIONS: Applicants are required to submit, together with the CV's, a fully completed standardized application form available from the university intranet as well as recently certified copies of qualifications, Identity Document. Failure to comply with this instruction will disqualify the candidate. Candidates may be subjected to appropriate psychometric testing and other selection instruments.

Key performance areas/Core functions:

The Lecturer in the Department of Technology and Vocational Education, School of Education, is an academic leader responsible for teaching and learning, curriculum development, assessment, student support, and academic administration in accordance with the Minimum Requirements for Teacher Education Qualifications (MRTEQ) and other relevant higher education policies and frameworks.

- Teach and facilitate Information Technology, Computer Science, and related modules at undergraduate and postgraduate levels.
- Plan, prepare, and deliver lectures, tutorials, practical sessions, and assessments in Information Technology and Computer Science.
- Teach programming concepts, software development principles, and problem-solving techniques using one or more of the following programming languages:
  - Delphi
  - Visual Basic (VB)
  - Java

Women and people with disabilities are encouraged to apply.

  - C++
- Develop and maintain practical programming exercises, laboratory activities, projects, and assessment tasks that support student learning and industry-relevant skills development.
- Supervise and support students during programming practicals, software development projects, and laboratory sessions.
- Integrate digital technologies, programming tools, and Learning Management Systems (LMSs) to enhance teaching, learning, and assessment.
- Develop, review, and update study guides, module materials, and learning resources in accordance with institutional and quality assurance requirements.
- Compile, administer, and moderate continuous assessments, assignments, tests, practical assessments, and examination papers.
- Mark assessments and examinations and provide timely, constructive feedback to students.
- Participate in Teaching Practice activities, including student supervision, mentoring, assessment, and liaison with relevant stakeholders.
- Engage in research and scholarly activities within the Department and contribute to research outputs, publications, conferences, and innovation initiatives.
- Participate actively in departmental research groups and contribute to the Department's research agenda.
- Engage in community engagement projects and initiatives aligned with the strategic objectives of the Department, Faculty, and University.
- Participate in departmental, faculty, and institutional committees, meetings, workshops, and academic activities.
- Perform administrative duties related to Information Technology, Computer Science, and other Departmental learning programmes, including record-keeping, assessment administration, reporting, moderation, and student support.
- Contribute to curriculum development, review, accreditation, and quality assurance processes in accordance with institutional and regulatory requirements.
- Promote ethical conduct, academic integrity, innovation, and excellence in teaching, learning, research, and community engagement.
